On Behalf Of:

Committee: House Committee On Commerce and Consumer Protection

Measure, Appointment or Topic: HB2141

As a commercial interior designer working in code-regulated spaces and a proud member of the International Interior Design Association's Northern Pacific Chapter - which represents Alaska, Washington & Idaho interior designers and industry partners, many of whom do work in Oregon and with Oregon organizations, I urge you to vote YES to move the amended bill (-1) forward, a version that directly addresses AIA Oregon's concerns.

Supporting HB2141 will ensure that interior designers are better positioned to contribute to the built environment, align with the highest standards, and promote the safeguarding of public health, safety, and well-being.

Thank you for your consideration.

Ashley Wells
