SB243

You are still seeking to rectify a problem through punishing law abiding citizens. Proven time and time again this DOES NOT WORK. Until you attack the real problem which are criminals, you will always fail regardless of your good intentions. There are so many gun laws now and in the past that have proven ineffective. Doing the same thing over and over and expecting a different result is plainly incompetent.

While all four components of SB 243 are problematic, the age restriction language contained in the bill would negatively affect our youth and young adult hunters and sport shooters. Restricting possession of semi-automatic rifles and shotguns fails to take into account the standard uses of semi-automatic shotguns in waterfowl, upland bird, and turkey hunting, as well as being a primary firearm of high school and collegiate sport shooting teams.

Additionally, due to the language stipulating that a firearm could only be transferred to a minor from a parent or guardian, firearms training and educational courses, such as the shotgun skills courses presented by Oregon Department of Fish & Wildlife, would no longer be able to provide temporary firearms to students under 21.

The age restriction language in SB 243 creates numerous barriers to entry for new youth and young adult hunters and sport shooters who want to participate in hunting and shooting activities and therefore I strongly oppose the bill.
