Hello,

I'm a Tillamook's dairy farmer and I oppose this bill. Why is everything that comes out of Salem make farming more difficult? Please vote this measure down because it just adds more paperwork and time to an already delicate situation. Farmers need to be able to move water rights around at their own discretion. I ask that the Oregon legislators start taking farmers more seriously and make sure that when you do pass legislation you ask yourself if this is going to help farmers and make things easier for them....it doesn't seem like you are doing that at this time. Thank you.
