NO on SB 1187

This bill is a carbon tax which will raise the cost of energy for every Oregonian by authorizing the "Environmental justice community" with the Climate Superfund Cost Recovery Program to recover the cost of climate change! Al Gore predicted this nonsense in 2006 and it never materialized. That's why the federal government has taken global warming off its websites and is defunding the hoax that the UN is imposing on the world.

SB 1187 is all about diversity, equity and inclusion as the environmental justice tool developed under ORS 182.555 is used. Who is going to monitor all of this?

OREGON CAN FORGET ABOUT FEDERAL FUNDING FOR CLIMATE CHANGE ADAPTATION PROJECTS.
