This is nothing but a CLIMATE CHANGE SLUSH FUND. We are totally in opposition to this bill. The current Oregon administration has overwhelmingly proved that they do NOT know how to manage money or where to spend it wisely. We have Oregon citizens who need help with housing, electricity and food. You give it away to people who have never paid a tax in their life to this state, and you want to concentrate on putting more chemicals in our air and spend the money to line your pockets!
