

Submitter: Shawn Chesley

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

This is feel good, do nothing legislation. Stop infringing on the second amendment. These pet projects are doing nothing but wasting time and resources. Kill this bill and get in with something productive that won't cost us an arm and a leg to get slaughtered in court on the inevitable overturning. Haven't we been down this road before?
