Re: House Bill 3197

Dear Co-Chairs Senator Prozanski and Representative Kropf, Co-Vice Chair  
Representative Mannix and members of the Committee:

So, what are Oregon politicians supporting this legislation thinking of doing in light of people having less—and diminishing—discretionary money while dealing with persistent rising prices these days?

Let me guess... more taxes!

We, the citizens of the great state of Oregon are not the legislature's cash cow! You can not fix everything. You can not generate prosperity by increasing taxes. Why is that so difficult to understand?

It's much more important to kill bad bills than to pass good ones. House Bill 3197 is a bad bill.

Thank you,  
Richard Wisner
