

Submitter: Kathleen Shafer

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB512

Thank you for allowing us to add to the support for the rebuilding of the Rock Creek Hatchery. Our fisheries in Oregon are fragile and easily decline due to weather changes, pollution, and people who do not follow fishing limits or rules. It is important to leverage all possible resources to do what we can to improve the chances of survival for various fish populations for now and for the future. One of those things includes supporting and rebuilding the very necessary Rock Creek Hatchery. I strongly urge you to vote for this bill and do the right thing for our fisheries and the people (your constituents) that rely on them.
