To the members of the Senate Committee on Health Care:

On behalf of the over 6000 members of IBEW Local 48 we would like to express our support for SB-1060. This bill seems like common sense-you should know the price of the services you are receiving. Our members struggle trying to comprehend the endless maze of health care pricing and often have to rely on the aid of our Health Care Plan Administrators to navigate something that quite honestly shouldn't be difficult. We encourage the members of the committee to vote yes on this common sense approach to healthcare and healthcare pricing.

Marshall McGrady
