SB243

My stance is i oppose this bill. Our Leo's are already spread thin and our rights keep getting attacked. Quit trying to tsake them.

It is not a privilege but my right and adding more on top for "law abiding citezens" just makes more hoops to go thru.... but do you know who does not follow laws or rules? CRIMINALS.

Criminals don't follow laws or rules. You are putting in jeopardy law abiding people. Making it harder for us law abiding people but easier for criminals. Follow the constitution and not your feelings!

I oppose bill 243
