

Submitter: Jeff Lang

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1187

Dear Senate Energy and Environment Committee Members,
Please vote NO on SB1187. Our energy cost are well above the national average and this bill would raise them even higher. We need to lower the cost of energy in all areas of use and is basically ANOTHER TAX on the citizens of Oregon. Please vote NO on SB1187.
