Measure, Appointment or Topic: SB243

I am totally against these SB 243 as written. It puts unfair burdens on us as citizens. The waiting period is unnecessary as is the age limit to possess firearms and the additional items have simply been added in the hope to get them passed without being noticed. Please follow the 2nd Amendment to our constitution as written by our forefathers! We have too much governmental control as it is and we do not need any more!
