

Submitter: Luke Hagemeister

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB712

With this bill they are trying to inflate the housing market to try and stimulate the economy by inflating the property values which are and have been way too high since 2020. Along with the "value" increase the property taxes will be driven up and ultimately pricing young first time buyers out of a house like it has been for the last 5 years. This bill is a disgrace and should be dropped immediately.
