

Submitter: Geri Berg
On Behalf Of: SB243
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB243

SB 243 makes sense to all Oregonians who value the safety of their families and communities. 18-20 yr olds commit a disproportionate number of homicides and suicides. Raising age to 21 to buy assault weapons hurts no one except those who profit from gun sales.

Thank you for voting yes on safety and common sense.
