

Submitter: Sonia Pierce
On Behalf Of: All law abiding citizens
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB243

I oppose this senate bill. As a law abiding citizen we already go through enough scrutiny to purchase firearms, FFL holders do their job to make sure only law abiding citizens get firearms through background checks. We don't have a gun problem, we have a mental health problem in this country. Criminals don't follow the laws now so this would have no effect on them.
