Dear Lawmakers,

Please vote YES on SB-535. For parents who struggle to have children and desperately want to, they should be given every resource to give them the opportunity. My cousin and his wife struggled with infertility and put themselves deep in debt to go the route of IVF treatments so they could have a single beautiful child but because of the price they paid they could not financially do it again even tho they desperately desire to have more children. If this legislature can give so much money and benefits opportunities and devote so much time to the interests of illegal immigrants in this state as i have seen iver the years and especially this legislative session, then I think this is the least you guys could do for struggling U.S. citizen parents that reside in our state and need a helping hand in building their families and futures. Please vote YES on SB-535. Thank you.

Sincerely,
Chad Kernutt
