I am a retired nurse of 50 years. 21 of those years were spent caring for children in pediatrics at The Corvallis Clinic. I am a mother and grandmother and keeping, restoring, and protecting our air and water healthy for the next generations are very important to me.

PLEASE pass this very important bill to keep Oregon the beautiful place to live for years to come. We also have a vacation home in South Beach, and the Beach Bill that was passed many years ago to keep our beautiful beaches PUBLIC was one of the best bills to help everyone to have the ability to enjoy our beautiful Pacific Ocean. PLEASE make history again.
