This bill was in 4 separate bills and when people testified on those, the legislature added them all into one so people had no idea the other bills were null and void. There is no reason to have a 72 hour wait to obtain a gun since it usually takes a few minutes to verify electronically. Supreme Court said ok to have bump stocks so why is Oregon going against supreme Court decision? Police officers and military aged 18-21 are able to use guns, but Oregon says no they can't. Why, not mature enough? If that is the case then why is Oregon doing sex changes on minors? People with CCL have stopped more crimes than most police. These are the reasons I oppose this bill and urge you to do the same. This bill will not effect gun violence in Oregon. The availability of mental health facilities will help in violence reduction.
