I strongly oppose this bill! Not just because I don't feel like the state has better places to be spend OUR money, but I don't like the apparent deception of the face of this bill that seems to simply propose a study of our income tax system. Then there is an amendment that has nothing to do with the tax study, but proposes that we foot the bill for something that will only be used by a small percentage of Oregonians. The monies proposed for the baseball stadium are NOT mentioned in the actual SB 110. It is actually an amendment to a bill that looks like it is just meant to study income taxes!!

Quit with the deceptions and vote against this bill.
