

Submitter: Karen Banks  
On Behalf Of: Self  
Committee: Senate Committee On Judiciary  
Measure, Appointment or Topic: SB243

I oppose SB 243.

Studying gun deaths is a waste of time and money. As I have said before, if a person wants to hurt someone or themselves, they will find a way. This bill is just a back door to cancel gun rights that is protected by the Constitution.

Please listen to the people who overwhelmingly oppose this bill and others like it. I urge you to vote NO!
