Committee: Joint Committee On Addiction and Community Safety
Response

Measure, Appointment or Topic: HB3197

Measure HB3197 will further cripple the wine industry. We are already experiencing a significant downturn in sales. Wineries are reacting by producing less wine. Vineyards are being left fallow or even being torn out. Without the prospect of selling the grapes or the wine producers cannot invest in the cost of the expensive, yearlong tending of the vineyard. Our industry is built on hard work and decades of pioneering the pride of Oregon's fine wine. Please consider helping to protect our legacy.

Sincerely,
Louise Myers
Siltstone Wines
