

Submitter: Tonya Buzzard

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

Article 1 Section 27 of the Oregon Constitution states "The people shall have the right to bear arms for the defence of themselves and the State." It does NOT say if they get a permit, if they go through training, are 21 yrs of age or over, are in locations the State allows, if they have a clip with no more than 10 rounds, etc. All of these bills that the State Legislature is trying to pass this session do nothing to address the causes of shootings and suicides. Instead, they create red tape that residents must wade through just to exercise a RIGHT guaranteed by both the US AND State Constitutiins. You don't need a permit to exercise a RIGHT. We'll see you in court
