

Submitter: Matthew MacRostie

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB301

My name is Matthew MacRostie and I'm an active user of the Willamette River. I am writing you to express my strong support for Senate Bill 301. The towed water sports community has a very simple and reasonable request with this legislation to be treated equally to all other boat users in the deep waters of the Newberg Pool.
