

Submitter: Allen Harper

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I oppose this bill because it is unnecessary. There are already laws that are meant to stop people from doing harm to themselves and others. We have had waiting periods in the past that did nothing to stop crime or stop people from harming themselves. Individuals 18 years of age and older are still able to serve in the armed forces of the US. Again, no reason to put a restriction on them. This is just more government overreach that is not needed.
