

Submitter:	Kathi Rise
On Behalf Of:	SB 210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

I urge you to not discontinue our vote by mail system. When my parents were alive, it would have been very difficult for them to go to polls to vote. I personally do a lot of research on candidates and issues and love being able to sit at my kitchen table with my notes and computer and make what I consider to be educated votes. It would be hard to bring all my notes (not to mention a laptop) to a poll. One of the things I have loved most about living in Oregon is the ability to vote by mail. What a blessing! Please don't take that away.
