I am writing in support of the City of Mosier's application for a \$2.5 Million Capital Funding Request. We are in a high fire danger area and need to have our Fire services updated. To do so we need a new station that will hold the necessary equipment and supplies to fight fires in the area, Mosier has experienced several fires in the past several years; most noticeable are the train derailment in 2016, and recently the Microwave Fire of 2024. We would be able to have a place for a fire command station, as well as temporary housing for fire fighters. Thank you for considering this request.
