

Submitter: Kimberly Evans

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1187

SB 1187 is just another disgusting effort to tax Oregonians more while pushing agendas that are not one bit factually proven to date. DEI is a complete and utter falsehood and grift. This is created to create bigger government in Oregon instead of fixing existing issues in Oregon like school failure, and removing pornographic material from our school libraries, for example. This is part of the continued attack on Oregon and it is wasteful. As far as "climate change" this complete BS has to stop, and I can not wait for the exposures that will come out regarding this eco-terrorism that has jacked up electricity costs in Oregon and this bill will make it worse. This an activists dream come true to finish completely screwing over Oregonians even more to justify these now abundantly clear, twisted agendas. THIS BILL IS NOT GOOD FOR THE PEOPLE OF OREGON, OREGON BUSINESS, NOR DOES DEI MAKE CLIMATE EFFORTS MORE FAIR—WEATHER DOESN'T ASK FOR RACE, PRONOUNS, GENDER, BEFORE IT EFFECTS PEOPLE. THIS BILL IS UTTER NONSENSE.
