

Submitter: Kathy Lincoln

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

To Sentate Committee on Judiciary - I urge your support of SB 243. Our country is one of the only countries in the world where firearms are so readily available. Gun shot is the leading cause of death for young people in our country now. That is a tragic disgrace, and avoidable, if guns were not so readily available. Please do what you can to limit the number of guns, and the indiscriminate dissemination of these weapons. We must do everything we can to protect especially our young people, and those with mental illness.

Thank you.

Kathy Lincoln
