SB210

I am a resident of Corvallis and Philomath area in Oregon, and I STRONGLY oppose SB210. The rolling back of voting rights is unacceptable, and to make voting any more difficult for citizens who are unable to vote in person for ANY reason is unconstitutional. We are living in an age of technology which allows us to communicate from a distance, and our voting rights should not be hindered and rolled back to require in person voting when we have the technology to allow us to vote from home. Living in a rural community this is especially important because a lot of older folks live far out of town, and may not have a reliable way to get to town OR they are unable to leave their home for any number of reasons. THIS SHOULD NOT HINDER THEIR RIGHT TO VOTE!!
