

Submitter: Rebecca Davis

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

The 2nd Amendment is a right - not a privilege. Restricting gun rights to law abiding citizens is overreach and government needs to quit trying to undermine constituents with controlling laws. We need to have the ability to protect ourselves against threats of harm. People that have no regard for the law will still have guns to use against law abiding citizens despite whatever controlling measures are put in place. Please allow us to keep our freedoms.
