Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB512

Please we need to keep the summer steamed and spring salmon runs strong. Keep rock creek fish hatchery fulling working. With all the changes in environment, this is not the time to drop a fisheries program. With youth having not much to do outside. Life in there phones, please let them fish, catch and eat the fish. Keep the hatchery going.

Thank you
