SB243

The inclusion in this bill to prohibit law abiding citizens who have their CCH from carrying legally virtually anywhere is absurd. The definitions are so vague that a person could be legally carrying in one area then immediately be committing a felony by crossing to the other side of the street. It should NOT be included in a bill about 72hr waiting periods after background check clears. Those are completely different things that have no reason to be in the same law other than to mislead and confuse the public.

This part of the bill will make all law abiding legal CCH license holders criminals overnight. And is the same ignorant and ineffective approach to firearm safety and reducing gun violence as the banning of standard capacity magazines in measure 114.

I urge everyone hearing over this bill to VOTE NO
