

Submitter: PNW Person

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB2251

DO NOT support a complete ban on phones in schools. Phones should be put on airplane mode during class lessons. 911 (hopefully not) is available in airplane mode and on a phone with no carrier agreement in place. In other words, breaks of classroom time and lunch periods should be the only time of use, not total school restriction.
