I am begging the state to stop mail-in voting. I understand for the elderly, medically fragile, or armed service members they need to be able to cast their ballot by mail. However I am not understanding how all citizens must ONLY use mail in voting. I feel as though our votes are not being counted correctly. We have voter rolls that have not been audited nor cleaned. The Secretary of State will not clean them up even though the state has been sued to have that done. . Which means we have a lot of ghost voters that can be used for nefarious purposes. We have not had any republican representation in 20+ years. Since VBM was introduced. We must get free and fair elections in this state. We are currently being run by people who were most likely not legally elected to their positions. WE MUST END VOTE BY MAIL IN OREGON>
