

Submitter:

Susan Weedall

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB243

Please help prevent additional youth deaths, injuries and threats by gun by passing SB 243. We know there is an increase in the number of young adults in Oregon who are gaining possession of firearms that they are not trained to use, and are not suitable for recreational hunting. Many of these guns are used to kill, injure, or terrify other youth across our state. Thank you.
