The only reason to keep vote-by-mail is to continue the cheating and fraud in Oregon. The main argument against this bill is for elderly and handicap people unable to get to a voting precinct. This is not an issue as those people can apply for a ballot sent to their home.

When I grew up, we had in-person voting at a precinct. The extended hours made it very easy to go vote before/after work, or on lunch break. I felt a great sense of pride voting this way. I don't feel any pride with vote-by-mail--it's un-American.

LET THE VOTERS DECIDE, VOTE YES TO PUT IT ON THE BALLOT.
