Vote by mail has been a disaster for Oregon. It has resulted in a complete lack of both transparency and trust in our elections. It's clear that since motor voter and vote by mail, Oregon has become essentially a one party state. Combine this with some of the dirtiest voter rolls in the USA and it becomes completely unclear how our elections are being conducted.

It's time to end vote by mail. We need to require Identification and Same Day voting in order to secure our elections and restore confidence on our government.
