

Submitter:

Marcie McKenna

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB243

I urge you to support SB243, which will make Oregon a safer place for our children and grandchildren. I am a retired educator, a parent, and a grandparent. I live in North Portland and have seen firsthand how gun violence has destroyed families and adversely affected our community. Please support common sense gun legislation like SB 243. This bill, and others like it, do not infringe on the 2nd amendment's right to own firearms, but instead respect firearm ownership while making our communities safer.

Thank you for your support.
