

Submitter: Adam Jaschek

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB110

My name is Adam Jaschek, and I am writing to express my enthusiastic support for the development of a professional baseball stadium in Portland, Oregon. As a resident of Portland and a passionate supporter of our local sports community, I believe a new stadium in Portland would be a transformative investment in our state's economy, culture, and community development.

A baseball stadium in Portland would bring significant economic benefits, including job creation, increased tourism, and revenue growth for local businesses. The construction and operation of such a facility would generate employment opportunities across multiple sectors, from hospitality and retail to transportation and construction. Additionally, a stadium would serve as a year-round venue for concerts, events, and other sporting activities, further boosting the city's economy and solidifying Portland as a premier destination for entertainment and sports.

Beyond the financial impact, a baseball stadium would enhance community pride and provide a gathering place for families, friends, and fans of all ages. It would inspire the next generation of athletes, promote youth engagement in sports, and foster a sense of unity among residents. Baseball has a unique ability to bring people together, and a stadium would become a landmark where memories are made and traditions are built.

Furthermore, investing in a baseball stadium aligns with Portland's commitment to sustainable development. With innovative design and environmentally responsible construction, the facility could serve as a model for modern, eco-friendly sports venues. By incorporating public transportation access and green building initiatives, we can create a stadium that reflects Portland's values while minimizing environmental impact.

I urge this committee to support and advance efforts to bring a professional baseball stadium to Portland. The positive impact on our economy, culture, and community well-being is undeniable, and I am confident that such a project will benefit our city and state for generations to come.

Thank you for your time and consideration. I appreciate your leadership and dedication to fostering economic and cultural growth in Portland and across Oregon.
