Committee: Joint Committee On Ways and Means Subcommittee  
On Education

Measure, Appointment or Topic: SB5516

As a pediatrician, former teacher, and parent of young children, I know the importance of a strong education on a child's life. We must prioritize and invest in an education system that serves all of Oregonians young people. I fully support this and all measures that ensure our schools are funded with living wages for teachers, small class sizes, and special education teams to ensure all kids can learn and thrive. We must act now, every day matters!
