

Submitter:

Ryan Maxon

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB243

This only seeks to restrict and punish those that follow the law to a T when it comes to firearms. It will do absolutely nothing to stop those that seek to do harm to others or use firearms as a means of breaking the law in other ways. You are only punishing those of us that take firearms seriously, and use them as personal defense or for recreational shooting.
