

Submitter: Robb barnett  
On Behalf Of: SB 243  
Committee: Senate Committee On Judiciary  
Measure, Appointment or Topic: SB238

To whom this testimony is found, and read by;

I do not support this Tyrannical action, and state Bill 243 that has been drawn up by Democrats for their political agenda to violate peoples 2nd amendment rights, for their agenda to limit, and basically disarm law abiding citizens, and attempts to make them criminals, your actions are Grossly disrespectful towards the citizens of Oregon who are Pro 2nd amendment whom do NOT committed crimes, as well as future generations who have not committed crimes as well..

You are in the wrong to further push laws that are violating the constitutional rights of people, and not putting blame, where blame is due...

It is not the firearms, nor firearm accessories, nor any of the other firearms itself that are the problem, the problems exist in the criminals who choose to break laws that have been on the books itself for many yrs.

making new laws is NOT the answer to the problems.

And yet you choose to demonize law abiding citizens who do not commit crimes by violating their/OUR rights this testimony is to say I will NOT idely stand by and watch you, or hear of you trying to strip the people of their 2nd amendment rights YOU ARE IN THE WRONG.....

criminals will always break laws, criminals we I'll always get firearms illegally, by THEFT, BLACK MARKET, or in ANYWAY... but I do believe you already know this, and do not care, your agenda to strip the law abiding people of their rights!

Thank you for your time in reading this testimony as it is to fight, and preserve the 2nd amendment rights for future generations... REMEMBER, our 2nd amendment rights is not about hunting, it is about the rights to protect ourselves against a tyrannical government who chooses to attack it's citizens, the very same words written on our document called the declaration of Independence and Bill of rights that still resides on display for people to see!!

Thank you for your time.

Respectfully,  
Robb Barnett.
