

Submitter:

Katherine Kaffer

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As an Oregon constituent, and working mother of two toddlers, I oppose in-person voting. This bill limits access to working families and reduced voter turnout. We cannot limit our elections to in-person voting. We must keep mail-in ballots available. As an oncology nurse, I cannot abandon my patients at the bedside in the hospital to leave work and go vote in-person. Voting is a right every Oregonian has, regardless of their ability to get to the polls on voting day.
