

Submitter: Zac Garrett

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I do not believe this will protect our community. I feel that it will make law abiding citizens have a hard time to obtain and or use guns. This is an overreach by our legislator and I feel we should actually focus on making enforcing the laws that we currently have more prominent and are forefront to combat illegal gun use/possession, not hinder law, abiding citizens.
