Measure, Appointment or Topic:

SB210

There is so much distrust in Oregons elections. Can we please go to in person voting? Every person is capable of getting an id. Since there was that dmv fiasco or odd happenings with the previous elections the only thing to do would be to bring things back to in person voting.

No more mail in voting. We have gotten lazy.

Only American citizens should be voting in our elections. If you don't agree with this then you don't agree with the constitution. One vote per citizen of America and Oregon
