SB210

Thank you for bringing this bill forward. As a very proud American and Oregonian it has been long over due to be able to go vote in person. Mail in ballots take away the joy and spirit of being an American.

I'm disabled and have a difficult time getting around but I'd make sure I had arrangements to get in to vote and take pride in it. Please allow me the ability to take pride in my duty as an American and Oregonian, by voting in person, with ID!
