

Submitter:

Timothy Brittain

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly support this measure. As a lifelong moderate, I feel that it is imperative that we restore faith in our elections. Though hardcore conservatives are making these demands, there is no reason that we should not oblige and put their mind's at ease. Studies have consistently shown that showing a proof of ID does not disenfranchise voters and it will prove to all that our elections are free and fair.
