These bills violating our rights as law abiding citizens is absolutely absurd. Why attach our freedoms when the problems are elsewhere. It's a political ballgame pure and simple and it is not in the best interest of the people. It's tough to tackle the tough problems so it's apparent those who want to limit our freedom, here in America, want to go after high visibility issues, not the real problems. How about mental health here in Oregon. How about the rampant drug issue here in Oregon. How about the high rate of suicide here in Oregon. It's easier to tackle the gun issue because its easier to manipulate the public through the media. Our legislature is a mess.
