Measure, Appointment or Topic: SB243

I am writing in opposition to SB 243. Besides the contents,, I am appalled at the 'gut & stuff' manner this bill was submitted just a day prior to a public hearing. This tactic is expressly used to eliminate timely transparency of the bill's content to the public. (ie, switching the purpose of the bill from a study to the sweeping gun control measures.)

That the majority party is so afraid of public review and discussion that it is using such a process to minimize public's involvement before a hearing. This bill should be tabled to allow the public an adequate opportunity to read and react to a highly controversial bill.

Please delay public hearings on SB 243.

Sincerely
Robert Johnson
