SB210

I SUPPORT SB 210!

In person voting will bring back the privilege to be civic minded and a pride in the American process.

What makes a voter an Oregon resident without an in-state address? An Oregon resident address should be required even if the mailing address is out of state. An out of state mailing address should be registered as a temporary address and prohibited if more than six months or registered to vote in another state.

State paid postage has not increased voting as was projected, so taxpayers should not keep footing the bill.

I urge passage of this bill
